It is a lifetime commitment of the youth to plant trees, grow and care for them as the very basic duty of every human being in order to sustain life.    c. Instill environmental values in every student to motivate actual involvement in worthwhile programs and projects of the environment;
   d. Learn about trees in our fight against Climate Change and Global Warming; and
   e. Strengthen the implementation of DepEd Order No. 72, s. of 2003 on the “Establishment of the Youth for Environment in School Organization”.

4. Activities of the camp include plenary sessions, field exposures, workshops, outdoor activities and contests.

5. Expected participants are Science Teachers, officers and members and advisers of School YES-O and Science Clubs.
